## HASSAN DIVISION.

*The 11th May* 1898.

Notice is hereby given that sealed tenders will be received at the office of the Executive Engineer, Hassan division, up to 31st May 1898, for constructing a bridge across the Codi hulla, of Harnhalli tank on Dudda-Arsikere road, Arsikere taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1899.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's office at Hassan between the hours of 11 A. M. & 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer and accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 100 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for constructing a bridge across the Codi hulla of Harnhalli tank, on Dudda-Arsikere road, Arsikere taluk," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted will be posted on the notice board in the Executive Engineer's office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

TENDERS FOR LIGHTING STREET LAMPS.

*Notice, dated 14th May 1898.*

Sealed tenders will be received by the undersigned up to 2 P. M. on Monday the 27th June next for lighting with kerosine-oil Silber-burners all road and street lamps within the Municipal limits of the City of Bangalore for a period of one year commencing from the 1st August 1898.

Each tender must be superscribed "Tender for lighting the City of Bangalore" and addressed to the President, City Municipality. It must be accompanied by a deposit of Rs. 100, in cash or currency notes (which will be returned if tender is not accepted).

The tender must specify the rate per lamp per mensem for lighting (1) during the hours of 6 P. M. to 4 A. M. (2) on a graduated scale, particulars of which are given below.

During the months of June, July, August, September, October and November the hours of lighting shall be from 6 P. M. to 2 A. M. and for the remaining months the hours of lighting shall be as follows:—

On the second day of every full moon, two hours from six to eight post meridian.

On the third day after every full moon, three hours from six to nine post meridian.

On the fourth day after every full moon, four hours from six to ten post meridian.

On the fifth day after every full moon, five hours from six to eleven post meridian.

On the sixth day after every full moon, six hours from six post meridian to midnight.

From the sixth day after every full moon, up to and including the third day after new moon as given in the Calendar, eight hours each night from six post meridian to 2 A. M.

On the second day after the first appearance of the crescent after new moon, seven hours from seven post meridian to 2 A. M.

On the third day after the first appearance of the crescent after new moon, six hours from eight post meridian to 2 A. M.

On the fourth day after the first appearance of the crescent after new moon, five hours from nine post meridian to 2 A. M.

On the fifth day after the first appearance of the crescent after new moon, four hours from ten post meridian to 2 A. M.

The whole of the lamps shall be lit for the hours and in the manner abovementioned.

The burners to be used are those of the pattern carrying a double wick, each wick to be one inch broad and kerosine oil 125° flash to be used giving a brilliance of 18 sperm candles for each burner.

There are now about 1,000 lamps which number is most likely to be increased to 1,200.

Copy of Articles of Agreement and any further information can be had on application by letter or in person.

T. T. LEONARD, *President.*
